

## AGENDA

**DATE:** November 21, 2020

**TIME:** 12:00pm – 5:30pm

**LOCATION:** Zoom

### VIRTUAL COURSE – SATURDAY ONLY

**COURSE:** **1009: Emerging Techniques in Hip Arthroscopy: A Virtual Event**  
\*Faculty and Content Subject to Change

| Saturday, November 21, 2020 |   |   |
|-----------------------------|---|---|
| Time                        | Event Description   | Faculty   |
| 12:00 – 12:05pm             | Virtual Course Introduction   | Shane Nho, M.D.,<br>Richard C. “Chad”<br>Mather III, M.D. |
| 12:05 – 12:15pm             | FAIS  | Michael Salata, M.D.                                      |
| 12:15 – 12:25pm             | Labral Decision Making and Technique  | Andrew Wolff, M.D.  |
| 12:25 – 12:35pm             | Capsular Repair   | Stephen Aoki, M.D.  |
| 12:35 – 12:45pm             | Gluteus Medius Repair   | Joshua Harris, M.D.                                       |
| 12:45 – 12:55pm             | Hamstring Repair  | Richard Mather III, M.D.                                  |
| 12:55 – 1:00pm              | Brief Intermission  |   |
| 1:00 – 2:15pm               | Panel Discussion and Case Presentations<br>Moderated by Winston F. Gwathmey, M.D.<br>Panel: Jorge Chahla, M.D., Sanjeev Bhatia, M.D., Gregory Galano, M.D., Sherwin Ho, M.D., Andrea Spiker, M.D. | See Panel   |
| 2:15 – 2:30pm               | Brief Intermission  |   |
| 2:30 – 3:30pm               | Stryker ICL - Emerging Techniques in Hip Arthroscopy featuring Stryker's Advanced Surgical Experience Platform  | Shane Nho, M.D.,<br>Andrea Spiker, M.D.                   |
| 3:30 – 4:30pm               | ConMed ICL – Gluteus Medius with Allograft  | Jovan Laskovski, M.D.                                     |
| 4:30 – 5:30pm               | Smith and Nephew ICL – Hip Labrum Segmented Augmentation  | Jorge Chahla, M.D.<br>Sanjeev Bhatia, M.D.                |
| 5:30pm                      | Course Adjourns   |   |

## Many thanks to our faculty...

**Course Chair:** Shane J. Nho, M.D.

**Master Faculty:** Richard C. “Chad” Mather III, M.D.

### **Faculty:**

Stephen Aoki, M.D., Sanjeev Bhatia, M.D., Jorge Chahla, M.D., Ph.D., Gregory John Galano, M.D., Joshua Harris, M.D., Sherwin Ho, M.D., Jovan Laskovski, M.D., Michael Salata, M.D., Andrea Spiker, M.D., Andrew B. Wolff, M.D.

## Learning Objectives

At the completion of this course the participant will be able to:

1. Evaluate and manage clinical presentation associated with common hip disorders and define performance outcomes
2. Develop and practice surgical skill access to the hip joint, peritrochanteric space, and deep gluteal space.
3. Evaluate and apply arthroscopic and endoscopic techniques for hip disorders

## Target Audience

The primary target audience for Emerging Techniques in Hip Arthroscopy: Innovations and Controversy is AANA members and other healthcare professionals who desire to improve their arthroscopic knowledge, competence, performance, and patient outcomes.

## Statement of Need

AANA has determined the need for this live educational activity based on identifying professional practice gaps, previous course evaluations and the AANA Self-Assessment Examination. The educational content of this activity was based upon current issues and topics provided by AANA Planning Committees and Membership.
